

Production

For more than 20 years, Tavola is specialized in conception and manufacturing of wide ranges of deep frozen convenience food, packaged in tray, for private registered trademark.

The variety of technologies used, modernity and specificity of industrial equipments, creativity of our chefs and performance of our quality approach permit to Tavola to answer to the varied requests/demands of our customers.

Our industrial philosophy takes into account as a priority respect of specifications, an optimal skill/mastery of the food security, an ever growing will to improve.
